WATER ECOSYSTEM
provision of services
water provision
cultural value
EUROPEAN ECOSYSTEM
ISLAND ECOSYSTEMS
ALPINE ECOSYSTEMS
ARID ECOSYSTEMS
land protection
natural resources
DRYLANDS
nutrient supply
HYDRO-ECOSYSTEM
flood regulation
resource availability
PROTECTED AREA
cultural service
land resources
BOREAL ECOSYSTEMS
provisioning services
cultural services
water supply
PRISTINE ECOSYSTEMS
biogeochemical cycles
aesthetics
RIVER ECOSYSTEM
resource for ecotourism
ecological resource
RIVER ECOSYSTEMS
service provision
environmental resource
water regulation
water resource
INSULAR ECOSYSTEMS
AQUATIC ECOSYSTEMS
PROTECTED AREAS
sense of place
pollinator decline
ALPINE ECOSYSTEM
RIPARIAN VEGETATION
GROUNDWATER
service provision
regulating ecosystem
riparian
source
natural resource
water storage
CORAL ECOSYSTEMS
cultural landscape
RIPARIAN ECOSYSTEM
AQUATIC ECOSYSTEM
biodiversity protection
pollinator diversity
GRASSLAND ECOSYSTEMS
soil resources
insect pollination
URBAN FORESTRY
water resources
SOIL ECOSYSTEM
soil formation
hydrological cycle
ESTUARY WATERSHED
INTERTIDAL
LAND ECOSYSTEM
pollination networks
SOIL ECOSYSTEMS
pollination service
global carbon cycle
URBAN ECOSYSTEMS
primary production
water flow regulation
TERRESTRIAL ECOSYSTEMS
OYSTER REEF
food source
soil erosion control
SEMIARID ECOSYSTEMS
environmental protection
ESTUARIES
recreation
plant production
nutrient cycling
plant productivity
ARID ECOSYSTEM
sources
SECONDARY FOREST
food resources
biomass production
n cycling
water quality
soil protection
URBAN
environmental quality
soil carbon storage
air quality
FLOODPLAIN
COASTAL ECOSYSTEMS
biofuel production
cultural landscapes
forage production
habitat quality
supply
SALT MARSH
c cycling
outdoor recreation
RIPARIAN
soil resource
cultural values
product
regulating services
coastal protection
ecosystem
litter quality
RIPARIAN ECOSYSTEM
primary pollinators
GRASSLANDS
carbon sources
SEA ECOSYSTEM
biocontrol services
GRASSLAND
SALT MARSH ECOSYSTEM
TALLGRASS PRAIRIE
carbon cycle
carbon cycling
aboveground net primary productivity
ANDEAN ECOSYSTEM
agricultural production
CORAL ECOSYSTEM
nutrient cycling
aboveground productivity
pollinator communities
soil quality
food provider
TERRESTRIAL ECOSYSTEM
aboveground net primary production
soil and
coffee production
carbon storage
RANGELANDS
species richness and productivity
FOREST
support ecosystem
AGRO-ECOSYSTEM
GRASSLAND ECOSYSTEM
URBAN FOREST
FOREST ECOSYSTEMS
pollinating insects
carbon sequestration
resources
AGROECOSYSTEM
biodiversity and productivity
livestock production
FORESTS
FOREST ECOSYSTEM
forest protection
food production
provisioning service
AGRICULTURAL ECOSYSTEM
WATER ECOSYSTEMS
forest productivity
carbon
erosion control
soil carbon sequestration
pollinator abundance
forest resources
regulation services
landscape aesthetics
pollinators
invasive species
wood production
pest regulation
SOILS
primary production (npp)
forest products
pollination
tree productivity
BROADER ECOSYSTEM
weed control
AGRICULTURAL LANDSCAPE
low productivity
nutrient recycling
pollination success
floral resources
germination services
RHIZOSPHERE
biological control agents
AGRICULTURAL LANDSCAPES
resource consumption
AGRICULTURAL ECOSYSTEMS
agricultural productivity
pasture production
FARM ECOSYSTEM
AGRO-ECOSYSTEMS
pollinator group
important pollinators
biocontrol
floral pest control
AGROECOSYSTEMS
carbon source
biological control
ISLAND ECOSYSTEM
conservation biological control
LAND ECOSYSTEMS
biological control of pests
pollinator
crop pollination pest control
biological pest control
crop production
wild pollinators
floral resource
plant-pollinator interactions
fruit production
